Information for the citizens of a foreign state

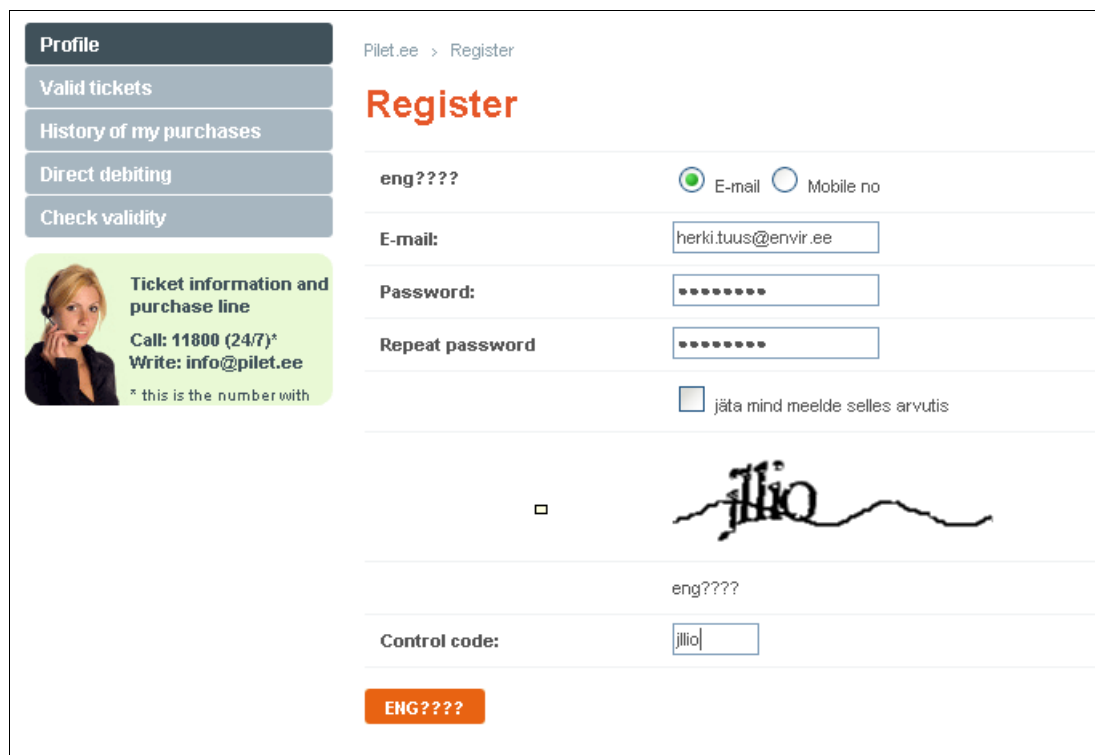

The foreign citizens can also pay for the fishing right, for that purpose the date of birth should be entered in the form of 0A,AKKPP0000 – similar to the Estonian personal identification code, but only the date of birth is used, other properties are "0"- (zeros).

For example, if the date of birth is 29 June 1982, the personal identification code in the form of 08206290000 should be entered in case of the foreign citizen, where 82 denotes the year, 06 the month and 29 the date.

STEP 4. Logging in for the first time you have to register yourself by clicking the button „Register“(picture 3). Next time use your created account for authentication and purchase another license or check the validity of your previous licenses.

Fill in the register sheet using either your e-mail address or mobile phone number and your selected password. Repeat the password and fill in the box „Control code“ with given characters just above the box „Control code“(picture 4) and send the data.

STEP 5. Select the payment option (credit card for foreigners who don't have a local bank account) and pay for recreational fishing right (picture 5). Visa and Mastercard are well accepted credit cards. All the relevant data including the date of birth of the fishing right owner and price are given. Print out the copy of the payment because it proves the best way, together with your ID document, your recreational fishing right.
